

Public Hours

Courts 5 and 6 are reserved for members of the public during public hours. The public hours are posted on the signs located at the entrance to the courts 5 & 6.

If courts 5 & 6 are not being used, members can use the courts but must understand that members of the public have priority usage of the courts during public hours. If members of the public are waiting for courts, members using courts 5 & 6 are to finish their game and move to member courts.

Members must also realize that removing a shoe tag does not mean you are no longer a member. You are considered a member unless you voluntarily turn in your shoe tags, withdrawal your membership or are suspended.

We request that all members adhere to the rules. If you require clarification, please contact club monitor or President.
